

REMARKS

The present Supplemental Amendment adds new claims 12-22 and leaves claims 1-11 unchanged. Therefore, the present application has pending claims 1-22.

New Claims

New claims 12-22 were added to more clearly describe the features of the present invention. Specifically, the claims were added to more clearly describe that the present invention is directed to a system, as recited in independent claims 12, 13, and 16.

The present invention, as recited in claims 12-22, are system claims that are substantially analogous to method claims 1-11. Therefore, Applicants submit that claims 12-22 are allowable for at least the reasons set forth in the Amendment filed March 23, 2006.

In view of the foregoing amendments and remarks, Applicants submit that claims 1-22 are in condition for allowance. Accordingly, early allowance of such claims is respectfully requested.

To the extent necessary, Applicants petition for an extension of time under 37 CFR 1.136. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, or credit any overpayment of fees, to the
